NELSON QUIET MUFFLERS

The answer to noisy exhausts:

1. The Nelson Quiet Muffler will stop noise in its tracks.
2. Independent test showed engine brake noise to reduced by up to 6.6 Dba (58% quieter).
3. In cab tests showed reductions of up to 5.4Dba (45% quieter).
4. Does not reduce engine power and will maintain fuel economy.
5. Available in 5" inlet for single (86786M) or dual (86791M) muffler applications.
