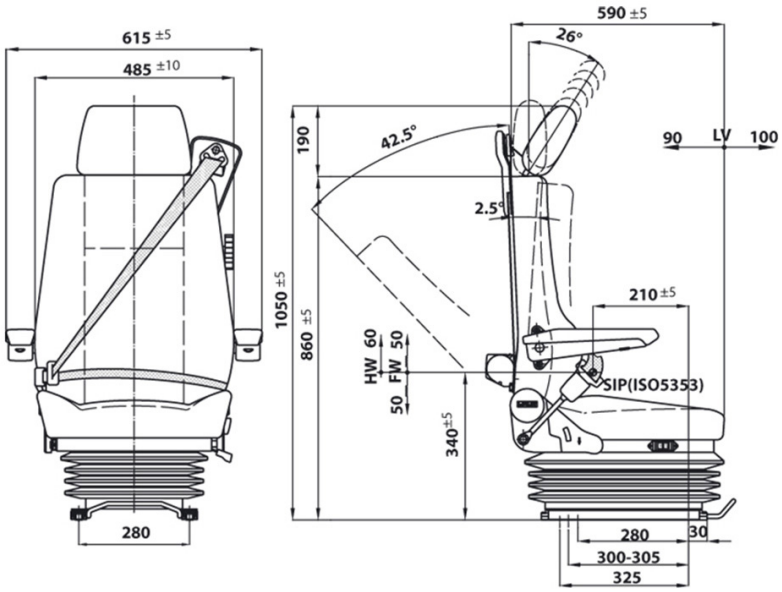
PiLOT P1098

Suitable for Isuzu, Hino, Nissan UD and more.

The Pilot P1098 is an affordable replacement for seats such as the ISRI 6500/517. Featuring auto adjusting air suspension to easily adjust to a change in drivers, this seat will suit a range of trucks.

Features Include


- Auto-adjusting air suspension with 80mm stroke
- Integrated height and tilt adjustment of 60mm
- For and aft adjustment of 190mm
