2 Clamps Per Kit

Polished bright Stainless Steel neat shields will not discolour, crack, chip or peel.

NELSON EXHAUST

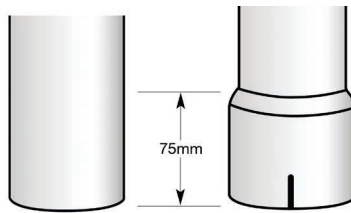

CHROME PLATED EXHAUST STACKS - DEFLECTOR & STRAIGHT STACK

Nelson uses a nickel-plated, chrome finishing process that meets the Australian standards (AS1192-1984) Service Condition 4.

Available plain ended or expanded and notched. Straight stacks give the impression of a quieter vehicle as the noise is directed away from the ground. They require a rain cap to prevent rain from entering the exhaust system.

Other sizes and styles are available on special order.

Plain End Expanded & Notched End Plain End Expanded & Notched End
